

RAISING DESIGN TO UNSEEN HIGHTS

In a landscape where design is king, Heinz-Glas reigns supreme as the ultimate fusion of artistry and craftsmanship. Our mastery of glass and design isn't just theoretical; it's a living, breathing testament to what's possible when passion and expertise converge.

Vertical Metamorphosis of Form Prepare for a visual transformation as we redefine aesthetics through captivating geometric profiles. These innovative shapes aren't just visually striking; they amplify the inherent qualities of glass, dancing with reflections and refractions to create an ever-changing visual symphony.

UNIQUE BRUSHES FOR UNIQUE MAKE-UP PERFORMANCE

GEKA

Our excellence in fiber brush productions started in 1960: Ever since, GEKA has been working on the perfect twisted wire brush to fit the needs of the liquid cosmetics industry. We manufacture Mascara brushes using our exclusive, and patented fiber filaments and refining them with patented brush cut technologies. Add different high quality fibers, a range of fiber colors, brush grinds and shapes to create over 600 outstanding designs, which fit the viscosity and the desired application of the mascara.

UNLIMITED GLASS FOR YOUR PROJECT

Premium glass and decoration

Discover our groundbreaking innovation in the realm of mascara! With Heinz-Glas, you not only benefit from rapid availability but also get access to our high-speed production. Your options for decoration are limitless, from spraying techniques to metallization and printing.

While there are inherent constraints when it comes to glass shapes, we continually strive to push these boundaries, approaching the maximum achievable. We place a strong emphasis on quality and precision, much like crafting a cut diamond. **HEINZGLAS** is the place where innovation and elegance find their home.
